The purpose of the act is to protect patients against receiving medical bills in emergent or inadvertent situations. In accordance with the law, physicians are required to disclose in writing or via an internet website the health benefit plans they participate with and the facilities with which they are affiliated.

Kindly refer to the Financial Information tab on our website [summitsurgicalcenter.net](http://summitsurgicalcenter.net) for the following information related to OON:

- NJ Consumer Resources webpage
- The Out-of-Network Toolkit webpage
- The names, mailing addresses and telephone numbers of entities the facility is contracted with to provide services including but not limited to anesthesiology, pathology and radiology.

We encourage you to check with your insurance carrier and the physician arranging your services to determine the services you will be provided and to assist in determining your network status.
